Get online access to this journal …and access all issues back to 1995!

Wish your department had *constant* access to one or more Elsevier journals, like this one?
Welcome to ScienceDirect e-Select at http://eselect.sciencedirect.com/journal

- Enjoy team-wide full-text (PDF and html) access anytime, to your chosen journal/s with five passwords for the ScienceDirect platform
- Access the most recent articles (before available in print) as well as all articles published over the last 12 years!
- Link from references in the full text to the universe of research via bibliographic databases
- Access millions of free abstracts from other Elsevier journals on ScienceDirect.
- Receive regular customized email alerts as soon as new articles are available

ScienceDirect e-Select allows you to subscribe to individual online Elsevier journals of your choice using your institutional credit card in just a few clicks.

Now there's no need to wait for document delivery or shared subscriptions; and you don't have to feel limited by mounting article delivery costs! Your subscription via ScienceDirect e-Select allows you to download articles from your core journals as often as you like at no extra cost, all year round!

A woman dances with her son
because of brain surgery that
reduced her epileptic seizures
performed by a neurosurgeon who was
able to pinpoint the foci of the seizure
due to breakthroughs in the
mapping of the human brain
advanced by physicians, mathematicians
and computer engineers around the world
inspired by new discoveries
in imaging technologies
reported in medical and
scientific publications.

ELSEVIER

Building Insights. Breaking Boundaries.™

The creation of knowledge depends on a continuous line of connections between people and ideas. That's why, for over a century, Elsevier has linked researchers and practitioners worldwide to the best and newest thinking in their fields. As a professional publisher of scientific and medical information, Elsevier facilitates the review, selection, dissemination and preservation of information, publishing thousands of journals and books and providing access to a world of information via the desktop or PDA. After all, we believe that getting the right information into the right hands can make a difference. elsevier.com
